

WAGNER Anticorrosive and Adhesive Grease KH100

Anticorrosive grease on calcium basis.

KH100 is characterised by its outstanding protection from corrosion, water resistance as well as its excellent adhesion. Conventional standard lithium greases are far from reaching these features.

Made of 100% pure mineral oil. Free of acids and harmful substances.

Applications

In classic cars, it is ideal for the lubrication of flat springs, brake wires, brake control linkages and centre pivot plates.

Further applications

- corrosion protection of the chassis, the car body, exhaust systems and all kind of components, also
- steel cables, chains, pin joints etc.
- body cavity and underbody protection
- release agent in foundries and mold making
- long-term conservation of molds, chassis and car body
- general lubrication of machines and vehicles
- lubrication of plain and rolling bearings at extreme loads

Advantages

- excellent wear protection
- outstanding pressure absorption capacity due to additives improving lubrication and reducing wear
- very adhesive, waterproofing and dirt-repellent properties
- reliable anticorrosive properties
- reduces risk of tribo corrosion
- stable to cold and hot water
- sealing grease, forms a grease collar
- good water resistance

WAGNER Anticorrosive and Adhesive Grease KH100

Technical Data WAGNER KH100

Property	Test method	Test result	Unit
Color		yellow	
Designation		KP2K-30	
Consistency Class NLGI		2	
Temperature Range		-30 - +120	°C
Temperature Range shortly up to		130	°C
Dropping Point		150	°C
Corrosion Protection copper		1-100	grade
Density at 15 °C		910	kg/m ³
Wear Protection VKA welding load		2,600	N
Water Resistance		0-90	
Thickener		Calcium base	
Viscosity Class Base Fluid 40°C		800	mm ² /s

Application & Dosing

Besides the standard application, WAGNER Anticorrosive and Adhesive Grease KH100 also can be used in thermal spray coating for the body cavity and underbody protection.

Packaging

Available Container	Content	Item No.
Cartridge	400 g	034400
Plastic can	1 kg	034001
Bucket (white)	5 kg	034005
Bucket (black)	18 kg	034018

The information of this datasheet is made to the best of our knowledge and advises only a technically certified user on possible applications. WAGNER Spezialschmierstoffe is not liable for any property damage incurred as a result of improper use, mishandling, and or any use outside the prescribed method of use, purpose, or application. Any and all warranty and or damage claims will be subject to investigation on the use, method of application, and intent of application of the used product.
